Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I am very concerned about this application on a number of grounds. Firstly we moved to Upper Avenue as we liked the rural location and have good views across the fields which will totally go. We take our grandchildren to both the school and the preschools and there is already congestion and safety concerns when we walk along Downs Road. Any increase in traffic will put our children at risk. When leaving Upper Avenue we also regularly drive through the floods which occur on Downs Road. Any increase in traffic will have a large impact on our Road which will be used to cut through to the new proposed development. Even this week at school time there was a serious accident in Downs Road at school time where a car overturned. There is no benefit to the existing community, in fact the opposite with extra pollution, more pressure on doctors and local hospital. We already struggle now to get appointments.</p> <p>I am also very concerned that green belt is being taken away when all we hear on the news is that we need to protect farm land and food production.</p> <p>I strongly object and hope that for once the views of us as local residents are actually listened to,</p> [REDACTED]

Kind regards
