Details of the pre-application advice received

It is unfortunate that the approved plans under 20210975 were inaccurate; these plans can clearly not be implemented on site as such the current works do not have the benefit of planning permission.

I would suggest the submission of a householder or section 73 application to retain the works undertaken. Please note that the proposed elevation drawing does not illustrate the roof lantern.

The comments contained herein are offered on an informal basis only and without prejudice to the Borough Council in the determination of any subsequent planning application.

Please look at the covering letter for further details.
