

CLIENT PLANNING STATEMENT

28/02/2025

Address; 62 Kings Drive, Gravesend, DA12 5BJ

- 1) In the interest of working together with Gravesham Council we are making amendments from the original plan so we can work closely with the council to finalise a solution that works for everyone.
- 2) We also want to invite the appointed case officer to contact us to discuss the application for any minor changes/ clarifications before they make a decision so we can avoid any further applications or an appeals.
- 3) According to the original plan that was submitted we had no objections from the neighbours. We also feel we are adding value to the area by investing in the modernisation of our house, both visually and structurally.
