Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I oppose this proposal for several reasons. It will result in the merging of two villages namely Sole Street and Meopham into one large sprawl of housing. It will destroy the habitat of numerous species currently living on the land including buzzards, red kites and sky larks which currently use the fields as nesting sites, as well as mammals, insects and reptiles. The A227 is currently congested and the proposal will exacerbate that. This will also be compounded by the new lower Thames crossing when complete. The local schools and medical centres are already over subscribed and more residents in the villages will compound this problem. The proposed housing project will forever change the communities of these rural villages and destroy the green belt that currently makes them rural locations. I object to this planning application for these reasons.

Kind regards
