Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This should not be allowed because its next to a children's playground and within close proximity to schools. Other reasons are: increase of traffic on a road that already struggles, increase in litter that will inevitably follow, increase in the number of dangerous food delivery bikes and also detrimental to the character of the surrounding area. It seems like madness that this has even been proposed. Have the council already told mcdonalds they will have planning accepted before its gone through the proper channels? Why else would they have started work prior to any notification to the public on the planning portal till now. I have no trust in this council putting their constituents first. They have consistently proven to be untrustworthy and seem determined to ruin gravesend.

Kind regards
