Reasons for comment:

Comments:	I strongly object to the building of substantial housing in Meopham in the area of Camer Road for the following reasons. Such a substantial build will alter the countryside for the permanent worse, an area that my family frequently use for country walks. The alteration of the landscape will force wildlife from homes and alter the tranquility of the whole area. Meopham will lose its distinctive features and will effectively merge with Sole Street The over development will alter its charactor and disrupt existing residents way of life and those that visit. Increased traffic will further increase the difficulty we often have along Wrotham Road where traffic problems then spill out to the surrounding country lanes. The row of shops already cannot handle the amount of visitors looking to park. This will become worse and existing users will be furthwr frustrated and exposed to risk when visiting the parade. Meopham will lose its attractiveness and reputation for a small, linear village, eroding value its residents have and we'll see further problems with antisocial behaviour caused by overpopulation. The school standards in Meopham
-----------	---

Secondary are already poorer in the last 5 years with over population. Wildlife will suffer.

I believe Meopham could handle a certain amount of building work but in keeping with its character and charm and with guarantee of no gradual building creep. But 725 homes is of a major operation and size that is just not sensible or fair on existing residents.

Thank you for reading.

Kind regards
