Reasons for comment:

Comments:	This is an illegal application as: On the 2nd July 2009 Mr. Justice Saunders ordered an injunction on this land to prevent any residential use. There is no end date to the Order and it was issued by the Claimants Gravesham Borough Council against 12 Defendants. Defendant 12 is Persons Unknown [REDACTED] [REDACTED] could reasonably be considered a defendant under this Order and is prohibited from using the land for residential purposes. In 2009 with the attendance of police the caravans which had been placed on the site were removed following this order. This application is being made retrospectively in breach of the Order, as the land already has caravans on it, which has been placed there in recent weeks. This has caused significant destruction of trees and land surrounding the area. The punishment, for breach of the order, as stipulated with, states "if you disobey this Order you may be found guilty of Contempt of Court and may be sent to prison or fined or your assets may be seized". On this basis I believe this application should not have been allowed and should be refused. I ask the Council to enforce the Order of Mr. Justice Saunders (Court reference HQ09X02792) made on the 2nd July 2009. I also ask for the 7 previous received applications to be considered in conjunction with this one and that any outstanding applications or appeals be refused in line with the Order. I also ask that the illegal dwellings currently situated are removed immediately and this matter is escalated to the additional departments that are required for this to be actioned. Penal Enforcement action should also be considered for the current and on going breaches and destruction of the area. Although I do not live close my horse and many others are kept close by and any development of this land or other land nearby will affect the safety of riders and horses when hacking on the road.
