I wish to object to planning application number 20251233 for the reasons stated below:

Pressure on infrastructure, traffic congestion on A227, doctor's surgery/school plus parking problems outside the school.

However, my greatest objection is the fact that Esquire developments want to build houses on active agricultural land that on a yearly basis still produces much needed crops for the country. With a growing population all productive farmland should be protected from any development. This is GREEN BELT land which is precious to the country and future generations.
