10 SPACE ORIGINAL CYCLE SHELTER

Secure. Modular. Built for Specification.

A trusted choice for contractors, developers and local authorities, the 10 Space Original Cycle Shelter offers durable, secure bike storage in a highly customisable modular format. It's manufactured from hot-dipped galvanised steel in the UK and is built to withstand high-traffic use in public spaces, commercial sites and residential schemes. This shelter has five-space Toastracks (or optional Sheffield Stands), a UV-resistant polycarbonate roof, and the flexibility to upgrade with access control, lighting, helmet lockers, and fire-retardant panels. Whether for BREEAM compliant new builds or retrofit developments, the 10 Space Original is a versatile, specification-ready solution backed by a 10 year warranty. Contact our team today to discuss your requirements and book a complimentary site survey and layout planning with CAD support.
