### Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<ul style="list-style-type: none"><li>* Crucial infrastructure not catered for - ie insufficient access roads, limited shops with essential parking, extremely limited bus service, doctors / dentists at maximum capacity, local hospital cannot deal with current pressures, no train station, no safe pathways for walking / cycling, insufficient spaces at local secondary schools / colleges.</li><li>* Loss of crucial farm land which is essential for self sufficiency in our precarious world.</li><li>* Massive increase in traffic close to primary school, particularly during development stage, resulting in far greater hazards for pupils.</li><li>* Increased traffic congestion on all roads in and out of area, particularly with well known frequent problems occurring on A2.</li><li>* Catastrophic loss of essential natural habitats for wildlife and protected species.</li><li>* Existing flood problem on Downs Rd would increase.</li><li>* Many of the proposed dwellings would need more than 1 car, essential in a car dependent community, resulting in massive increase in traffic on totally unsuitable roads.</li></ul>
