Reasons for comment:	
Comments:	The roads leading around this proposed development are very busy. Especially mornings and evenings. The doctors cannot cope with the numbers now. The schools are full. The parking for shops is non stop. As it is the roads flood in bad weather, and more fields used for building with make this worse. Our agricultural land should be kept as agricultural land and not built on. There are many brown fill sites that can be used without taking away our precious countryside.

Kind regards
