Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object for the following reasons:</p> <p>Overdevelopment with unsuffient infrastructure to support 100 houses Erosion of the rural landscape Pollution due to extra vehicles, especially close to a school Damage to wildlife, including light pollution, llsd of habitat and habitat corridors Development does not meet local need and no research has been done Alternative sites have been granted planning permission in Gravesend with no development - these sites must be developed first A227 is full of potholes, floods and is often over-whelmed with traffic when M2/A2/M20 has issues Rural communities will be lost, traditional lifestyles lost and agricultural land lost forever Open fields provide natural carbon sequestration - a key method of addressing climate change. 100 houses will add more carbon and greenhouse gases to the environment</p>
