Reasons for comment:	
Comments:	<p>Lack of Social Infrastructure: The local community lacks sufficient capacity in schools, healthcare facilities (e.g., GP surgeries), and other public services to support the new homes. At the moment it is already very difficult to get a Dr appointment.</p> <p>The A227 is a very busy road. When there are road works the queue is vast due to the number of people already using it. The road will not cope with more traffic. It poses an increased risk of more accidents and insufficient protection for pedestrians.</p> <p>Pollution and Noise: The development would lead to unacceptable levels of noise, light, or air pollution during and after construction. It would put the health and well being of all residents, especially elderly, under pressure causing unnecessary harm.</p>

Kind regards
