Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Norward Lane is a narrow, badly maintained busy road that floods easily. The junctions are dangerous at both ends, with the extra traffic there would be an increase in accidents. There is no pavement so increasing the risk of harm to pedestrians.</p> <p>The development represents an inappropriate encroachment into the countryside. The development would result in the loss of important habitats for wildlife and remove mature trees and hedgerows that contribute to local biodiversity. There are rare and endangered species that make this area their home.</p> <p>The development would result in an increase in greenhouse gas adding to the unpredictable weather we already have, add the pollution caused would infiltrate into the water system.</p> <p>The potential increase in population would put unmanageable increase on the local schools and Dr surgeries. They are already struggling.</p>
