Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object because the developer is intending dangerous access onto a tiny rural lane for in excess of possibly another 300 cars needing access. There will be additional strain on an already overstretched GP and NHS services. The A227 is already used as a cut through when there are problems on the A2 or M20 which is dangerous to pedestrians due to HGVs using a narrow road when making diversions. The road already doesn't cope when there are traffic issues in the surrounding areas or road works are necessary and the village can be at a standstill.

Kind regards
