Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This land has a previous injunction on it and has had a previous eviction. The land has already had several mobile homes already placed on this site without permission and a large number of trees were cut down illegally when they were moved onto the site. This shows a complete disregard for the environment and the habitat of many species. The lane has already become much busier with up to 30 additional vehicles and made it much busier. If this land is designated green belt why is it even subject to approval? There are brown field and grey belt sites available in Gravesham that have the infrastructure to cope with the large number of dwellings currently being considered. Just because the council has failed to provide a 5 year plan for travellers to reside it should not be forced to approve this site that has no infrastructure and is totally unsuitable for the additional environmental impact this will have

Kind regards
