Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I wish to object to the proposed development of 350 homes on designated Green Belt land. This village has a long-established rural character which would be irreversibly harmed by a development of this scale and density.</p> <p>Local infrastructure and services - including schools, healthcare, and roads - are already oversubscribed and under significant pressure. There is no sustainable plan in place to address the additional demand this development would create.</p> <p>Furthermore, the site provides valuable natural habitats that support a range of wildlife, including a well-documented local owl population. The loss of these habitats would be detrimental to biodiversity and contradicts local and national commitments to nature recovery. For these reasons, I respectfully urge that this application be refused.</p>

Kind regards
