Reasons for comment:

Comments:	<p>I wish to object to the proposed development of homes on designated Green Belt land. This village has a long-established rural character which would be irreversibly harmed by a development of this scale and density.</p> <p>Local infrastructure and services - particularly the local doctors and hospital are already strained. This threat to village life will put greater pressure on the roads which are already congested with traffic that cuts through the village.</p> <p>Furthermore, the site provides valuable natural habitats that support a range of wildlife. The loss of these habitats would be detrimental to biodiversity and contradicts local and national commitments to nature recovery.</p> <p>For these reasons, I respectfully urge that this application be refused.</p>
