## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>Our community is defined by its rural character, open green spaces, and close connection to nature. This is precisely why many of us chose to move here - to raise our families away from congested, overdeveloped towns. Approving this application would undermine the very qualities that make our village special.</p> <p>The Green Belt exists to prevent urban sprawl and protect the countryside. Replacing these valued landscapes with housing will permanently destroy natural habitats and the peaceful rural setting enjoyed by residents and visitors alike. Once this land is lost, it is lost forever.</p> <p>A development of this scale does not respect the needs or wishes of the community. It threatens to erode the identity of the village and compromises our quality of life. I therefore urge the planning authority to uphold Green Belt protections and reject this application.</p>

Kind regards
