Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to strongly object to this application. White post lane is a very narrow lane and is certainly not suitable for the continued movement of mobile homes/touring caravans. The destruction of mature trees is ongoing. The large amount of tarmac/concrete/shale on what was historically agricultural land has led to flooding on the road. Erosion of the edges of the road has disturbed the natural look and the environment. Loss of habitat has been tremendous. Water supply has been illegally dug through woods across the road without owner's knowledge or permission. The burning of rubbish on site is constant and drone footage has shown rubbish strewn around the site. Schools in the area are to my knowledge full as are GP surgeries. This site has already attracted extra vehicles which the lane cannot support also many aggressive males who have been threatening towards local residents this is not acceptable in a lane which has always been popular for walkers cyclists and horse riders. Police and council officials have already had to visit these sites to investigate and serve enforcement notices. This application cannot be allowed to go ahead.

Kind regards
