Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to this application. The damage to the mature trees and erosion of the banks has been absolutely devastating. Each time a mobile home comes down the lane it is blocked while the try to squeeze it through more damage is done. Rubbish is dumped in woods across the road. Trenches were illegally dug in the same woods and utility pipes laid without permission or knowledge of the owner. There are many more vehicles driving aggressively and at speed along whitepost lane and entering the sites. There are many people including myself who have been on the receiving end of some of these men's aggressive and threatening behaviour. This lane used to be very popular with walkers/cyclists and horse riders now not so much. There is so much concrete/tarmac/shale on the sites that there is nowhere for the rain water to go and it runs straight out into the road and leads to flooding. The entrance is fairly concealed and quite dangerous when cars speed in and out. It seems as though 1 plot is now being covertly changed to become many caravans, tourers and day rooms on many pieces of land and is becoming confusing. None should be allowed as this is not a suitable area for the many mobile homes that are already on the site without planning permission and are applying retrospectively.
