Reasons for comment:

Comments:	White Post Lane is not an appropriate location for a travellers site. This land is green belt. Many mature trees and hedgerow were cut down to get the mobiles homes on the site. White Post lane is a narrow lane with few passing places and the flat bed transporters used to transport these mobile homes have completely closed the lane each time they have delivered a mobile home. The lane will undoubtedly also be closed when the touring caravans are using the lane. White Post Lane has always been used by walkers, cyclist and horse riders but it now feels unsafe to do these things as large commercial vehicles are travelling, often at speed, up and down the lane. The work carried out on this site, including large tall gates and fencing, tarmac, etc has severely damaged the natural environment, and impacted on the wildlife. No respect has been demonstrated for the environment, the local community or indeed the law. This application should be rejected.
