Reasons for comment:

Comments:	I am a resident of Meopham and wish to express my concerns about this large proposed development. Meopham has limited infrastructure to cope with a new housing development. I cannot get a doctor's appointment and no NHS dentist in the area- i have to pay private. The bus service is one an hour, with nothing for the public early in the mornings to trains stations or large towns for work, hence why most people in the village have at least 2 cars. The area cannot cope with more traffic. We have the A227 often with temporary traffic lights, fixing the water infrastructure and the tailbacks can go for miles. The lanes as a diversion are not suitable for two way traffic and trucks often get stuck. The village lacks pedestrian walkways and pavements to link to other areas like Istead Rise, Gravesend and Wrotham, so car ownership is necessary. The same with cycle lanes. The loss of fields, habitat for wildlife and our green spaces is a very good reason not to develop this agricultural land. I object to this application on these grounds.
-----------	--

Kind regards
