Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: I object to this area being used for housing, there is insufficient water and sewage, doctors surgery already at capacity, cannot get to the local hospital in the morning, roads get blocked. Roads in the local area are too narrow and can't take current traffic, certainly cannot take another 1400 cars here. Already issues parking at local shops, can't get a space. Not enough school facilities and their suggested amount is no where near enough. It would be joining 2 villages, which should not happen. Fertile farm land should not be turned into a housing estate. We have constant traffic problems now, adding more traffic would be a disaster. These are villages, not towns, and the villages should not be compromised. Road edges constantly have potholes and are practically 1 lane wide, cars go too fast in the narrow lanes, makes it dangerous for walkers and push bike riders as there are no paths or street lights. So for these reasons I strongly disagree to this planning application.

Kind regards
