Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to the proposed development because the roads in Meopham are overcrowded enough. Green Lane is dangerous. Traffic travels too fast and in many places it is too narrow to safely allow two vehicles to pass each other. The A227 is unable to cope with the traffic volume now. More houses and therefore more cars in the village will mean that the A227 will be gridlocked in the morning and the evening, particularly during the school run. Norwood Lane, where my parents live, is constantly flooded in bad weather and the water has nowhere to go now. It will be even worse if 725 houses are built. The proposed site is greenfield and planted to crops every year. A field used for growing food should not be considered for development. My parents cannot get appointments with the GP now. Another 725 houses being built with all those extra residents will exacerbate the problem. The local hospital is nursing patients in corridors. More people will cause an even bigger crisis for the local NHS.
