Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I object to this ridiculous proposal.
Not only is it not in the local plan, it looks to merge two villages.
There is no infrastructure to support it and even what is proposed no doubt will not be delivered until after the homes have been completed putting huge strain on already over loaded health and school services.
We must protect green space and the lungs of our country. Paving over this area adjacent to a number of areas of natural beauty is shameful.
I understand that there are also a number of wild animals living locally all of whom would be disturbed by the drawn out building process and the subsequent housing.
The roads simply cannot cope, already flooding on a regular Basis.
To approve this would be shameful and we would all pay the price for starting a waterfall of development in a wholly unsuitable area.

Kind regards
