Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This Application will contribute to a large increase in the volume of traffic that the area will not be able to cope with. The area already suffers from congestion, the surrounding roads are small rural roads unsuitable for the traffic that would be generated by the development. The rail stations will not cope and commuters already stand at peak times from Meopham and Sole Street stations. This field divides the Village of Sole Street from Meopham and it is vital to keep this buffer and maintain the character of the rural Gravesham. The Site is at present used for farmland which contributes to food production and as such is vitally important.

Kind regards
