Reasons for comment:	
Comments:	<p>This land was absolutely labelled as Green Belt until the new government decided to re-name it as 'grey-belt'</p> <p>Green belt land is an essential part of our countryside. Meopham is surrounded by Green belt land. This protect the village from great, inappropriate change!</p> <p>Meopham cannot cope with excess increased traffic. The A227 is already an extremely busy road, which gets congested at certain 'rush-hour' times.</p> <p>Added cars/vans to the village roads would be completely unsuitable. It would cause major disruption and difficulty to residents living here.</p> <p>There is not the infrastructure in place.</p> <p>Green belt land is in place to protect from urban sprawl, meaning protection from the villages increasing in size until they are no longer a village, but have turned into a small town or city. This potential development would completely change the character of Meopham village. An added hundreds of houses would change this village drastically.</p> <p>The land is currently farmed, with an abundance of wildlife. Building houses would significantly change this.</p> <p>The amenities could not cope with a huge increase to the population, the roads could not cope and the current residents do not want this.</p>

Kind regards
