Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This site should not be approved therefore does not require the drainage. This site has grown out of control and the volume of residents would need a large cess-pit (or numerous) and this means digging up the land. The damage that has been caused to the wildlife and the local eco system in the illegal delivery of numerous vans and the hard standings has already dislodged and ruined the wildlife along the lane and in the field this is unfortunately irreversible, and any further development will cause more damage to this Green Belt. We do not have street lights in the village nor down the lanes around the village and this additional lighting will add to the light pollution, and disturb the night-wildlife including the owls and badgers that reside in the fields.

Kind regards
