## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I feel that this proposed development is completely unacceptable for many reasons. They will be building on high grade farmland which is green belt and should be used for food production. There will be a marked increase in traffic especially when the lower Thames crossing is built. The lanes are used whenever the main road is blocked causing chaos. This will exacerbate this problem.</p> <p>The current bus service is limited, infrequent and unreliable. There will be additional strain on already overstretched GP and NHS services.</p> <p>There are limited services for young people especially those who are teenagers. With more youngsters where will they go and what will get up to.</p> <p>Meopham will become a town rather than a village and will then suffer the usual town troubles.</p>

Kind regards
