Reasons for comment:	
Comments:	<p>I object to the building of houses on this land for many reasons.</p> <p>1) MEOPHAM IS A VILLAGE NOT A TOWN!</p> <p>2) I lived opposite this piece of land for many years as a child and I loved the scenery from my house there. It would also be such a shame to see good farmland have houses being built on!</p> <p>3) Longfield road is already busy with school traffic that people use the road for parking, work traffic. So many accidents will happen along this road with extra housing. Adding to that, so many accidents have happened in the past. People will also struggle even more with parking to get their children into school safely.</p> <p>4) How will the schools and doctors surgery cope? The schools are very busy already and they cause a lot of traffic by so many people that attend them. The doctors surgery is already overrun and people struggle to get an appointment now who live here. It wouldn't be fair on anybody to put more people onto them to register it just wouldn't work!</p>

Meopham is known for its rural countryside and this will be stripped away in the blink of an eye if these houses are built. This land should be used for farmland only to produce fresh local produce for our area and others that are willing to buy. Why not put livestock on the fields to keep the ruralness about it? There are plenty of local farmers who could be interested in the idea of having an extra field for their animals to graze on?

Please rethink this application. It will just not work in this village and will cause so

much chaos, traffic pollution, accidents involving vehicles of all sorts as many use that as a cut through to access other areas round us. There is also the probability of crime going up in the area with a lot more people coming into it.

We need a safe happy village not a town!

Kind regards
