Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object due to these proposed new houses increasing the population within an area that does not have the infrastructure to sustain a higher population. There are already issues within this area of limited places within schools, doctors, dentists, hospitals. An increase in population would put even higher strain on these services. This will also cause dangerous congestion within this area due to higher vehicle traffic, residents park each side of the road and during school times in particular this is very dangerous. Longfield road has a speed limit of 50MPH and road users continue this speed into Meopham, into a residential area right next to a nursery and two schools. The SEN school adjacent to the building proposals, the increase of more traffic and people to this area will cause these students to be alarmed and experience sensory overload.</p> <p>You are building on fields that is a high grade agricultural land farmed for centuries, this contributes to food production.</p> <p>I moved from London due to the Green land surrounding my home in Meopham. Removing this and building 120 houses, along with all of the other proposed new homes will compromise the beautiful village of Meopham.</p>
