Reasons for comment:

|           |   |
|-----------|---|
| Comments: | <p>The increase in traffic and noise would be extremely detrimental and have a negative impact on the children that attend the Helen Allison School which is a school for children with special needs. I would hope that this point alone would be enough to have the proposals rejected for the well-being of the children who attend there</p> <p>The increased amount of vehicles would not only have a negative impact on noise and air pollution but also increase the congestion on the narrow Longfield Road</p> <p>The increase in population would not be able to be accommodated by the GP Surgery situated on Wrotham Road. Doctors appointments are already extremely difficult to obtain</p> <p>120 more houses = at least 240 more cars.</p> <p>The current infrastructure simply wouldn't cope. To serve this increase would only come at an extra cost - to be paid for by an increase in council tax?</p> <p>Meopham does NOT want or need any more houses. This is a village whose residents are proud to live in what is a green and beautiful place. It must be kept that way and NOT turned into a huge housing development that serves only to line the pockets of greedy developers who probably don't even live here. Or they</p> |
|-----------|---|

would be thinking twice about what they are proposing.

A total of 470 more houses = at least 940 more cars

We MUST keep Meopham Green.

---

Kind regards
