Reasons for comment:

Comments:	<p>The A227 is already a very busy dangerous road with very few points to cross safely, the increase in traffic would only serve to have a negative effect</p> <p>Noise and air pollution would increase</p> <p>The increase in population would not be able to be accommodated by the GP Surgery situated on Wrotham Road. Doctors appointments are already extremely difficult to obtain</p> <p>350 more houses = at least 700 more cars.</p> <p>The current infrastructure simply wouldn't cope. To serve this increase would only come at an extra cost - to be paid for by an increase in council tax?</p> <p>Meopham does NOT want or need any more houses. This is a village whose residents are proud to live in what is a green and beautiful place. It must be kept that way and NOT turned into a huge housing development that serves only to line the pockets of greedy developers who probably don't even live here. Or they would be thinking twice about what they are proposing.</p> <p>In addition to the Longfield Road proposal, a total of 470 more houses = at least 940 more cars</p>
-----------	--

We MUST keep Meopham Green.

Kind regards
