Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Apart from the obvious facts that Meopham has neither the facilities or infrastructure to cope with a development of this size, this site does not meet the accepted definition of "Greenbelt" it is Greenbelt agricultural land used for crop production and should not be considered for development. Given the current threats to our food security in these uncertain times the preservation of agricultural land should be made a priority. There are numerous Brownfield sites within the borough and until they have all been developed all agricultural land should remain precisely that. If this proposal is approved then there will undoubtedly be a flood of applications to build on all the other farmland in the area. Our councillors need to listen to the views of the people who elected them and to refuse this proposal.

Kind regards
