Comments Details

Commenter Type:	Parish Council
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	1) This is prime agricultural land which is needed for for food (green belt). Re the Environmental Act 2021 and Environmental Protection Act 1990 - the site is full of wildlife. Sky larks are currently nesting (Classified in the UK as Red under the Birds of Conservation Concern 5). 2) Why is brown belt land in Gravesham not being developed despite goverment funding being provided for this. 3) Such development would have a detrimental impact on the environment - eg noise levels, light, pollution etc. and would impact on the character and appearance of the area, and on neighbouring properties and privacy including impacting local services & amenities. 4) Such a development would lead to Destruction of the Village Identity - people have a right to enjoy their home & private life. 5) Meopham has historic buildings and conservation areas/protected views which must be preserved. 6) Local roads are already far too busy. A further 500 houses could mean 1000 extra cars. 7) No room in local schools 8) It's hard enough to get to see a GP as it is 9) There are infrequent buses.

Kind regards
