## Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Access route will be dangerous with the addition of potentially 700+ vehicles to the already busy area of Meopham parade with rush hour queues using Wrotham Road and Green Lane as a cut through from the A2, vehicles trying to pick up school children, delivery vehicles and customer transport</p> <p>The parade is already an accident blackspot which will be made worse by the extra traffic</p> <p>The extra traffic access will add polarised noise pollution to the area and cause more damage to the local roads</p> <p>There will be a detrimental visual impact to the adjacent Conservation area</p> <p>It is a large farmland site fully used for food production</p> <p>Area of the road adjacent to the George Innis so narrow it creates a pinch point and large vehicles are unable to pass</p> <p>There is no evidence of the need for extra housing in Meopham and therefore no need for this access</p>
-----------	---

Kind regards
