Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The land is high grade farmland, contributing to food production targets. Losing it will indirectly lead to more food imports</p> <p>The development will potentially lead to approx 300+ vehicles plus delivery and service vehicles all trying to enter/exit the estate from a narrow country lane that is already used as a rat run to/from the A2. Equals dangerous to children walking to local schools, accidents, noise & air pollution, road damage and further gridlock</p> <p>Combining this build with the other applications is a disaster ie multiply the above impacts x 3</p> <p>The land is greenbelt not released from the greenbelt boundary</p> <p>Lower Thames crossing additional traffic should also be taken into account in that more traffic will be coming up Wrotjam Road to cut thru to the A2</p> <p>Trains will become more crowded with those who want to commute</p> <p>Local services in and around Meopham such as Doctors and Dentists will become even more stretched</p> <p>There is no evidence of a need for more houses in Meopham. Meopham will lose</p>

its appeal and identity as you will start to blur boundaries with neighbouring villages

Kind regards
