Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>There is traffic chaos at the Camber Parade junction at all times of the day. We do not need more traffic using the A227 nor at the Green Lane junction especially when drivers use it as a cut through to Longfield and Dartford when there is a hold up on the A2 in the morning rush hour.</p> <p>There is insufficient parking on the estate for two cars at every house hold nor any provision for visitor parking.</p> <p>Where is the water runoff and household waste to go, as there is insufficient capacity in the current sewer system?</p> <p>Where is the new reservoir to be sited as the one at the green cannot supply all the proposed new housing developments.</p> <p>This is green belt land used for agriculture which is shrinking more and more in the garden of England, ie KENT</p> <p>All developments south of the A2 were supposed to be banned to preserve the rural nature of the South East.</p> <p>There are enough empty houses in the Uk to provide most of the 1.5 houses the government thinks we need.</p>
-----------	---

Kind regards
