| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | |
| Comments: | The development is close to a SEN school. The Students are vulnerable and sensitive. The building works will cause these innocent young people great distress. They need a calm and quiet environment. |
| | The main road to the development is very narrow. It is already a a nightmare for Drivers with residents' cars parked each side. It is highly dangerous during school start and finish times. When working in Longfield and driving to and from Meopham at all costs I had to avoid these school start and finish times. |
| | Already the Meopham Health Centre is overstretched. Combined with the two other developments in the pipeline, it is very likely the Health Centre will be pushed beyond its tipping point. |

Kind regards
