Reasons for comment:	
Comments:	<p>I see no benefit the area - only a dramatic impact on local wildlife, farmland and the community.</p> <p>With already stretched local hospital that cannot cope with the number of people in the area, no more doctors, dentists, schools, care-homes and jobs, the infrastructure is just not viable.</p> <p>With thousands of empty properties in the area-the authority should be seeking use of those over new builds that destroy much needed green spaces.</p> <p>The lack of policing in and area with rising crime rates will be put under further strain as the population increases.</p> <p>I have yet to see any benefit to building on these sites or proper environmental solutions to ensuring buildings are greener and reduce the impact of destroying so much wildlife.</p>

Kind regards
