Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>1. Currently Longfield road gets congested between 7am and 9am and then 3pm and 4pm due to school run . This creates a dangerous accident spot between side roads and junction of Longfield road and Wrotham road. This will get worse.</p> <p>2. Many people use the current footpath for walking as exercise . This footpath will disappear and all exercise will stop making people unhealthy.</p> <p>3. with 240 extra cars and delivery vehicles the congestion here will become unbearable resulting in stress for current inhabitants</p> <p>4. Long field road will have to be widened to make it less dangerous. is this in the planing application. Without road widening the traffic will extend from Wrotham road right upto Longfield station.</p>

Kind regards
