| Reasons for comment: | |
| Comments: | The area earmarked is on a very narrow busy road. Accidents happen here regularly and this development will just causes even more traffic chaos. This is an area where people walk and watch the wild birds. Owls nest here. There is a vast amount of wildlife in the area which needs protecting and not having their habitat destroyed. We all use our outdoor space for mental health care the developments will cause serious harm to all involved with the building processes and over population of this community. Our services are already fully stretched more homes/people will cause flooding traffic jams and an overall increase in stress to services and people. |

Kind regards
