Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I strongly object to the planning proposed. This is a beautiful area of natural beauty and of importance for wildlife frequently used by locals for dog walking. The area is surrounded on two sides by narrow single passage country lanes that can barely sustain the amount of traffic they are currently receiving. The parade of shops opposite already causes massive issues on the roads with cars parking in dangerous locations to access the shops and at school pick up and drop off times the entire area is impassable.</p> <p>Meopham is straining under the current number of people using services within the village and simply does not have the infrastructure to handle more people. Doctor's appointments, access to local shops, parking, driving or cycling on Wrotham road or country lanes will become impossible impacting surrounding villages too. It is irresponsible for these plans to be put forward that will have such extensive negative consequences for those living in Meopham and surrounding villages.</p> <p>For reasons of inadequate infrastructure, damage to local wildlife habitats, real danger to those walking or cycling on local roads, permanent destruction of green belt land and the loss to the people of Meopham and surrounding villages of an area of beautiful natural landscape and of the character and functioning of their village I strongly object to this irresponsible planning submission.</p>
