Reasons for comment:

Comments:	<p>There is insufficient infrastructure to support new houses in the area. Drs and schools are oversubscribed. There's not enough shops etc. train station car parks are full as is.</p> <p>This is supposedly green belt land that is not meant to built on to protect countryside and the biodiversity that comes with it. Additional light pollution would interfere with what little countryside and nature that is left.</p> <p>When the A227 closes the lanes surrounding it cannot cope- more traffic will see an increase in accidents.</p> <p>The area already has several issues with flooding and drainage and additional housing will only heighten these problems.</p> <p>You are generating more pollution impacting on public health.</p>
