The Alitherm 400 is the most thermally efficient window in the Alitherm range, making it an ideal choice for new builds and projects requiring ultra-low U-values to meet modern building regulations.

Available in a variety of designs and finishes, the Alitherm 400 offers a flush finish for a sleek, modern look, as well as standard square bead and sash, slim sash, and heritage sash options to suit both contemporary and traditional properties.

Combining high performance with elegant aesthetics, this window range provides superior insulation, durability, and style. Whether you're designing a new home or upgrading an existing space, the Alitherm 400 ensures exceptional energy efficiency without compromising on design.

- British Standard Kitemark KM81580
- British Standard Kitemark KM81543
- PAS 24:2016
- BS 4873:2016
- Window Energy Rating A
- Typical U Value 1.3 W/m²K but can go as low as 1.0

Garage Doors:

2200mm x 2100mm insulated double doors from Gliderol, 1.4 w/m²k
