Address:	[REDACTED] Darnley Road Gravesend

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I am writing to formally object to the proposed development of 6 x 1-bedroom flats, two storeys high, planned to be built three doors down from [REDACTED] property. My partner and I are extremely concerned about the impact this development would have on our privacy. The proposed design includes rear-facing windows that would directly overlook [REDACTED] back garden. This would significantly reduce the sense of privacy we currently enjoy and fundamentally change the character of our outdoor space, which is an important part of our home life. We also believe this loss of privacy would negatively affect the value of our property. The presence of a large, multi-unit residential building overlooking our garden is likely to make our home less attractive to future buyers and could lead to a measurable drop in its market value. We respectfully ask that this objection is taken into account and that the planning application is refused on the grounds of the unacceptable impact on neighbouring residential amenity.
