

AMAZON ECO SHELTER INFORMATION SHEET

The Amazon Eco family comprises our beautifully wood clad cycle shelters, ideal for those seeking secure cycle storage with green credentials and great appeal. Featuring a modular structural steel frame and clad with timber, the Amazon is both secure and adaptable, with a wide range of customisations available. These include timber types, roofing and guttering options, internal or external lighting, security upgrades and access methods.

Our Amazon Eco Shelter is manufactured from 50x50 SHS which can be powder coated and/or galvanised to suit your needs. This shelter is clad with treated pine battens as standard. This shelter is designed to house either Sheffield Stands, Toastracks or Semi Vertical Racks and comes in 8, 10, 12, 16 & 20 space configurations as standard.
