Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	As a neighbour living in green farm lane I strongly apose this application, traffic movement is already causing a problem within the neighbourhood due to the industrial estate at higham, this has recently increased in size giving rise to vans and truck using the lane as a cut through instead of approved routes. Any advise to use alternative routes will fail as its impossible to police. The residents and the parish have been appealing for traffic calming measures for a long time, people have been killed on the crossing between the lane and gravesend Road, and a young school girl was hit actually in the lane making her way up to the bus stop. So for these reasons any development that increases traffic movement 24/7 is madness

Kind regards
