Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The environmental impact on the area surrounding will be immense the valley ie: rhododendron ave floods as it is with these houses being built even with drainage the water naturally runs down into the valley this will only make it worse.also it will have a massive impact on wilson's way.The roads around here could not cope with another 200 plus cars on the roads as the average house nowadays has two plus cars.And the schools can just about cope with the children in the area .

Kind regards
